

**PROJECT FACT SHEET**  
**UCF-610 CREATIVE SCHOOL FOR CHILDREN**  
**CONSTRUCTION MANAGEMENT SERVICES**

**PROJECT DESCRIPTION**

The project will consist of pre-construction and construction services of the Creative School for Children to include approximately 10,000 net assignable square feet (NASF) of space, and approximately 15,000 gross square feet (GSF). The total project cost for the College of Nursing Building will be approximately \$14,000,000 for planning, design, permitting, construction, landscape/hardscape/irrigation, and furnishings and equipment. The project size, scope, and budget may be changed at UCF's discretion, and this project is subject to the availability of funding.

The contract for Construction Management services will consist of two phases. Phase one, preconstruction services, includes constructability analyses, design engagement with the architect to ensure design concepts are within budget, cost estimating, early procurement of equipment, value engineering (if necessary), and the development of a Guaranteed Maximum Price (GMP) at 100% Construction Documents. Preconstruction services will be compensated according to the CM sliding fee scale found at this website: <https://www.fp.ucf.edu/resources/contract-documents/>. If the GMP is accepted, phase two, the construction phase, will be implemented. In phase two of the contract, the Construction Manager becomes the single point of responsibility for performance of the construction of the project and shall publicly bid trade contracts. Failure to negotiate an acceptable GMP within the time provided in the agreement may result in the termination of the Construction Manager's contract.

**NOTE:** The Selection Committee may reject all proposals and stop the selection process at any time. The University also reserves the right to cancel the project at any time.
